Ideas from the Christian Science student Organization meeting

*

February 23, 2005

Based on the ideas in *Science and Health with Key to the Scriptures*

Where did the time go?!?

Organization and time
have **nothing** to do with
Life.

Mary Baker Eddy
Science and Health, p. 249

**...beloved, be not ignorant of
this one thing, that one day is
with the Lord as a thousand
years, and a thousand years as
one day.**

Bible, II Pet 3:8

“Mathematical
time is man
made. *Science
and Health* says,
“Time is a mortal
thought, the
divisor of which
is the solar year.”
(p.598) This
human invention
has no control
over God or His
man.”

“Deny delay”,

Mind-science teaches that mortals need "not be weary in well doing." It dissipates fatigue in doing good. Giving does not impoverish us in the service of our Maker, neither does withholding enrich us. We have strength in proportion to our apprehension of the truth, and our strength is not lessened by giving utterance to truth. A cup of coffee or tea is not the equal of truth, whether for the inspiration of a sermon or for the support of bodily endurance.

Mary Baker Eddy
Science and Health, p. 79

“Human beings see time as having two faces, one benevolent and the other menacing. They think of it sometimes as a friend and sometimes as an enemy. Always to some extent they honor it as an important factor in their lives. Yet time has, in reality, no validity and no power either to benefit or to harm us. The real, spiritual man God made lives in eternity, not time, and he is always at the point of maturity and perfection.”

“Annulling the time factor,” Naomi Price, *CS Sentinel*, 3-5-79

Jesus required neither cycles of time nor thought in order to mature fitness for perfection and its possibilities. He said that the kingdom of heaven is here, and is included in Mind; that while ye say, There are yet four months, and *then* cometh the harvest, I say, Look up, not down, for your fields are already white for the harvest; and gather the harvest by mental, not material processes.

Mary Baker Eddy
Unity of Good, page 11

Success in life depends upon persistent effort, upon the improvement of moments more than upon any other one thing. A great amount of time is consumed in talking nothing, doing nothing, and indecision as to what one should do. If one would be successful in the future, let him make the most of the present. . . . Rushing about smartly is no proof of accomplishing much.

Mary Baker Eddy,
Miscellaneous Writings, p. 230

"Material conditions are not mandatory. They represent an erroneous concept of man and the universe, including the belief that time is of the essence and life is in matter, hence limited to a birth-growth-maturity-death cycle. The counter fact is that unchanging, spiritual universe including man, created and governed by divine Mind."
