Thoughts from the Christian Science student Organization meeting * March 1, 2005
Based on the ideas in *Science and Health with Key to the Scriptures*

I think, therefore I AM*

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths.

Bible, Proverbs 3:5,6

Whatever is governed by God, is **never** for an instant deprived of the light and might of intelligence and Life.

Mary Baker Eddy
Science & Health, p. 215

Who dares to say that actual Mind can be overworked? When we reach our limits of mental endurance, we conclude that intellectual labor has been carried sufficiently far; but when we realize that immortal Mind is every active, and that spiritual energies can neither wear out nor can so-called material law trespass upon God-given powers and resources, we are able to rest in Truth, refreshed by the assurances of immortality, opposed to mortality.

Mary Baker Eddy
Science & Health, p. 2

We need to challenge and vigorously denounce any claim of a mind or will working independently of God. Neither apparent lack of intelligence or brilliance based solely on human mental processes should be credited as valid. We can recognize and deny the double-mindedness behind such beliefs. There is neither inferiority nor superiority in Mind's creation; all ideas are superlative.

The unscientific practitioner says: "You are ill. Your brain is overtaxed, and you must rest. Your body is weak, and it must be strengthened..." Science objects to all this, contending for the rights of intelligence and asserting that Mind controls body and brain.

Mind-science teaches that mortals need "not be weary in well doing."

Mary Baker Eddy
Science & Health, p. 70

**Remember,
brain is
not mind.**

Mary Baker Eddy
Science & Health,
p. 372

**For God hath
not given us the
spirit of fear;
but of power,
and of love, and
of a sound mind.**

Bible, II Tim 1:7

Mind is not necessarily dependent upon educational processes. It possesses of itself all beauty and poetry, and the power of expressing them.

Mary Baker Eddy
Science & Health, p. 89

**God is
Mind**

Tension at exam time can be overcome. In Christian Science we learn that God, omnipotent Mind, gives us assurance and intelligence. We are not separate from these qualities, so we don't have to struggle to get them. Man is God's reflection, at the standpoint of dominion and perfect ability.

* And Moses said unto God, Behold, when I come unto the children of Israel, and shall say unto them, The God of your fathers hath sent me unto you; and they shall say to me, What is his name? what shall I say unto them?

And God said unto Moses, I AM THAT I AM: and he said, Thus shalt thou say unto the children of Israel, I AM hath sent me unto you.
