Ideas from the Christian Science student Organization meeting

*

March 16, 2005

Based on the ideas in *Science and Health with Key to the Scriptures*

Time well spent!

All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love. No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows.

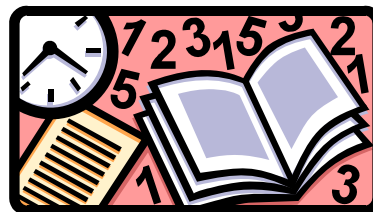

Mary Baker Eddy,
Science and Health, p. 275

**For it is God
which worketh in
you both to will
and to do of his
good pleasure.**

Bible, Phillipians 2:13

I will gain a balance on the side of good, my true being. This alone gives me the forces of God wherewith to overcome all error.

Mary Baker Eddy,
Miscellaneous Writings, p. 104

ORDER

INSTEAD OF CHaOS

***We know that man beloved is in God's care,
Not wrapt in fear nor bowed with tired labor,
But satisfied, complete, divinely fair.***

Christian Science Hymnal, #149

It [Christian Science] touches mind to more spiritual issues, systematizes action, gives a keener sense of Truth and a stronger desire for it.

Mary Baker Eddy,
Miscellaneous Writings, p. 235

It is God that girdeth me with strength, and maketh my way perfect. He maketh my feet like hinds' feet, and setteth me upon my high places. . . Thou hast enlarged my steps under me, that my feet did not slip.

Bible, Psalms 18

Frustration and boredom result when we accept the belief that our expression of good qualities, and of Life, can be hindered or stopped in any way. No bottlenecks exist in God's universe. Each idea forever unfolds according to the inner resistless impulsion of divine Principle, Life.

"Moving with God," Hogarth Eastman
CS Journal, 1/76

Feeling satisfied

And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water, whose waters fail not.

Bible, Isaiah 58:11

By purifying human thought, this state of mind permeates with increased harmony all the minutiae of human affairs. It brings with it wonderful foresight, wisdom, and power; it unselfs the mortal purpose, gives steadiness to resolve, and success to endeavor. Through the accession of spirituality, God, the divine Principle of Christian Science, literally governs the aims, ambition, and acts of the Scientist. The divine ruling gives prudence and energy; it banishes forever all envy, rivalry, evil thinking, evil speaking and acting; and mortal mind, thus purged, obtains peace and power outside of itself.

Mary Baker Eddy,
Miscellaneous Writings, p. 204
